

INSTITUTE

Applications open July 15, 2007 and close August 24, 2007
Download application at www.bestpracticespolicy.org/capacity.html

**Be a leader for your community!
And learn how to make rights a reality at the...**

**NATIONAL SEX WORKER LEADERSHIP TRAINING INSTITUTE
Washington, DC
October 25 to 27, 2007**

The Institute is a series of classes that will give you the skills to understand the law, organize for change, work to change images of sex workers in the media and more. The Institute is intensive and requires a daily commitment from you to learn.

Ideal candidates for the Institute are people who have traded sex for money (and/or the things they need) who want to go back to their communities with the skills they've learned, and organize their communities **TO FIGHT FOR JUSTICE**.

Scholarships are available. We will consider people with relevant experience-this could mean that you worked as an escort, sex worker, prostitute, street worker, massage worker, exotic dancer, hustler, lived with the support of sugar-daddy or sugar-mama, had sex for housing/food/clothing, had sex for drugs, or had sex to get the money that you needed to survive. We will give priority to people of color, immigrants, gay, lesbian, bisexual or transpeople, people with disabilities, people living with HIV, senior citizens and youth/young adults.
